Finals Speaker
John W. Warner

Senior Member of the United States Senate from Virginia

The Honorable John W. Warner has spent nearly forty years in public service. At age 17, during the Second World War, he enlisted in the U.S. Navy, where he served on active duty until his honorable discharge in the summer of 1946. He attended Washington and Lee University, receiving a B.S. degree in basic engineering sciences, and then entered the University of Virginia Law School. In 1950 at the outbreak of the Korean War, he interrupted his legal studies to join the Marine Corps. A year later, as a first lieutenant in communications, he volunteered for duty in Korea where he was a ground officer with the First Marine Air Wing. Returning from the Korean Peninsula, he completed his law degree at the University of Virginia. After a clerkship with the late Chief Judge E. Barrett Prettyman of the U.S. Circuit Court of Appeals, he was appointed an assistant U.S. attorney and served four years in the trial and appellate divisions. In 1960 he entered private law practice.

Senator Warner returned to the public arena in 1969 as Under Secretary of the Navy. For more than five years during the war in Vietnam, he served in the Department of Defense, completing his service as Secretary of the Navy in 1974. During those years he also carried out special assignments in the field of diplomacy. He was the representative for the Secretary of Defense to the Law of the Sea Talks in Geneva and, subsequently, the principal negotiator and signatory for the United States of the "Incidents at Sea Executive Agreement" between the U.S. and the former Soviet Union. That Executive Agreement is still used today and has been a model for similar agreements between other nations.

In 1978 Senator Warner was elected to the U.S. Senate and, in 2002, commenced his fifth term as a senator representing the Commonwealth of Virginia. During his twenty-six years of service he has sat on a wide range of committees including the Environment and Public Works Committee; the Senate Committee on Health, Education, Labor, and Pensions; and the Select Committee on Intelligence. Because of his own military experience and his admiration for the women and men of the armed forces, he is especially pleased with his current role as Chairman of the Armed Services Committee, a committee on which he has served throughout his Senate career.

Final Words to the Class, *Mr. Casteen*

Academic Recession, *The Good Old Song*

We request that the audience remain in place until the academic recession has passed. The presentation of diplomas will follow at the locations noted in this program. Degree candidates who do not receive their diplomas at school or departmental ceremonies may receive them at the Office of the Registrar in Carruthers Hall after 2 p.m., Monday, May 17.

A History of Final Exercises at the University of Virginia

by Raymond C. Bice, *Professor Emeritus*

So astute was Mr. Jefferson in determining the basic educational policy for the University of Virginia that the policy has seen very little change in the University's 185-year history. The colorful ceremony you will see today, however, would not have been held under Thomas Jefferson's original plan, which did not provide for degrees and diplomas. Although the early students of the University were highly respected for their knowledge, some of them petitioned the Board of Visitors for diplomas to improve their opportunities for employment.

Out of deference to the founder, the board took no action on these requests during Jefferson's lifetime, but fifteen months after his death, it changed the policy and directed that plans be laid for the first "Public Day" (commencement). In July 1829, the first Public Day was held in the Dome Room of the Rotunda. The program was very long, and it included orations by students. By 1848, the program began with a procession led by students and involved a single address by a prominent person.

Public Day was held in the Dome Room until the Rotunda annex was completed in 1853. It was then held in the public hall of the annex until the Rotunda and the annex burned in 1895. When Cabell Hall was completed in 1898, the Public Day programs were held in its auditorium. President Alderman's inauguration in 1905 brought about the more formal procession as seen today. It is now led by a faculty grand marshal.

When the McIntire Amphitheatre was completed in 1921, it became the site for the final exercises. A sudden drenching rainstorm disrupted the 1949 ceremony, sending the soaked graduates and guests into any shelter they could find. The threat of sudden storms and the increased number of graduates caused President Colgate Darden to declare that the 1952 ceremony would be the last to be held in the amphitheatre. Since then, Finals have been held on the Lawn except in bad weather.

Even when the ceremonies were held in the amphitheatre, the participants marched from the Rotunda, down the Lawn to the site of the ceremony. Students have long considered it a high privilege to have the opportunity to walk down the Lawn at Finals, and today's students place an even greater importance on this privilege. So important to many of them is the ceremonial walk down the Lawn, that a number of students, cheated out of a ceremony on the Lawn by bad weather, "confirm" their graduation by processing down the Lawn after Finals.

Through 1961, the president conferred the degrees and handed each recipient a diploma. By this time, graduates numbered in the thousands. The ceremony had become much too lengthy and the logistics too complex. Beginning in 1962 and continuing today, degrees are conferred in a main ceremony by the president. Degree recipients and their guests then reassemble later in "diploma ceremonies," where the diplomas are presented to the graduates by the deans.

The Academic Procession

The Procession

The academic procession is led by the grand marshal of the University bearing the official silver and ebony mace. Most of the processioners wear the academic costume accepted by a majority of the principal institutions of higher learning in the United States, though certain academic officials, such as the rector of the University, wear particular costumes indicative of current office. The processional order is listed below.

The Gown

The processional gown is usually black; the design of the sleeves denotes the type of degree being conferred. The bachelor's sleeve is long and pointed. The master's sleeve has squared ends, with the arc of a circle near the bottom and a slit for the arm near the elbow. The doctoral sleeve is bell-shaped with three velvet bars. The doctoral robe has full-length velvet panels in front, either black or a color that symbolizes the wearer's field of learning.

The Hood

A separate ornamental fold hangs down the back of the gown, and its lining carries the colors of the college or university granting the degree (for the University of Virginia, orange and blue). An outside band of velvet varies in width according to the degree: two inches for bachelor's degree, three for the master's, and five for the doctorate. The color of the band and other velvet on the doctoral hood symbolizes the field of learning (such as dark blue for philosophy). The length of the hood also varies with the level of the degree: bachelor's, three feet; master's, three and one-half feet; and doctorate, four feet. Bachelor's and master's degree candidates often do not wear their hoods.

The Cap

The cap is usually the black mortarboard, decorated with a tassel. Gold tassels may be worn by holders of doctoral degrees, and some master's tassels are white. Generally, the colors of the tassels represent the principal fields of learning and are described below.

Processional Order of Degree Candidates

School of Engineering and Applied Science

Conferred August 14, 2003

Doctors of Philosophy

Chemical Engineering

Tara Tibbs Jones, Franklin, OH. B.S., Ohio University, M.S., University of Virginia. Dissertation: *Using Mass Spectrometry to Investigate Protein-Surface Interactions During Hydrophobic Interaction Chromatography*.

Hidetada Nagai, Japan. B.E. and M.E., Tokyo Institute of Technology. Dissertation: *Fundamental Studies of Lysine Ion-Exchange*.

Civil Engineering

Sayedul Hassan Choudhury, South Riding, VA. B.S., Bangladesh University, M.S., University of Virginia. Dissertation: *Development of a Comprehensive Watershed Model to Assess the Impact of Atmospheric Deposition of Mercury on Surface Water*.

Computer Science

Nicolas Christin, France. Diplome d'Ingenieur, Ecole Centrale de Lille, M.C.S., University of Virginia. Dissertation: *Quantifiable Service Differentiation for Packet Networks*.

Electrical Engineering

QiYu Huang, China. M.S., University of Virginia. Dissertation: *Patterned Anodic Oxidation on Aluminum Thin Films by Nanoimprint Lithography*.

Bo Xu, China. B.S., Nankai University, M.A., University of Virginia. Dissertation: *Study of Fiber Nonlinear Effects on Fiber Optic Communication Systems*.

Mechanical And Aerospace Engineering

Steven William Day, Syracuse, NY. B.S., University of Virginia. Dissertation: *Measurements of Flow in a Centrifugal Blood Pump using Particle Image Velocimetry*.

Gregory Carl Lewin, Charlottesville, VA. B.A., Carleton College, M.A., University of Virginia. Dissertation: *Numerical Simulation and Reduced-Order Modeling of a Flapping Airfoil*.

Systems Engineering

David Francis Bizup, Hollywood, MD. B.S., University of Virginia, M.S., George Washington University. Dissertation: *Improving Radar Target Tracking with the Range Rate Measurement*.

William Steven Bland, Winter Haven, FL. B.S., United States Military Academy, M.S., Florida Institute of Technology. Dissertation: *A Simulation-Based Approach for Efficient Sensor Management of Distributed Sensor Networks*.

David Roy Forrest, Saint Louis, MO. B.S., University of Missouri at Rolla, M.S., University of Virginia. Dissertation: *High Dimensional Data Mining in Complex Manufacturing Processes*.

Pu Jiang, China. B.S., Zhejiang University, M.S., Tsinghua University. Dissertation: *Input-Output Inoperability Risk Model and Beyond: A Holistic Approach*.

Luna Mylene Maligalig Magpili, Philippines. B.S. and M.S., University of the Philippines. Dissertation: *An Impact-Based Method for the Capacity Planning of Sanitation Services in Lower Income Countries*.

Yifei Xue, China. B.S. and M.S., Tianjin University. Dissertation: *A Decision Model for Spatial Site Selection with an Application to Law Enforcement Decision Support*.
